DETAILED ACTION

This action is in response to the application filed on 8 December 2003 in which claims 1-3, 5-19, 21 and 22 are pending.

Reasons For Allowance

The following is an examiner's statement of reasons for allowance:

With respect to claims 1 and 16, the prior art of record fails to teach a wiring device for use in a folding portable device including an upper unit, a lower unit and a hinge unit mechanically connecting said upper unit to said lower unit, said hinge unit having a rotating axis for rotating said upper unit in relation to said lower unit and a folding/unfolding axis perpendicular to the rotating axis for folding/unfolding said upper unit in relation to said lower unit, said wiring device comprising: a rotative direction wound portion wound with a first part of a flexible printed cable; a folding/unfolding direction wound portion wound with a second part of said flexible printed cable; and a cable fixing portion for fixing said flexible printed cable to said hinge unit, as substantially described and connected with the other functional language of the recited claims.

With respect to claims 7-15 and 17, the prior art of record fails to teach a wiring device for use in a folding portable device including an upper unit, a lower unit and a hinge unit mechanically connecting said upper unit to said lower unit, said hinge unit having a rotating axis for rotating said upper unit in relation to said lower unit and a folding/unfolding axis perpendicular to the rotating axis for folding/unfolding said upper unit in relation to said lower unit, said wiring device comprising: a rotative direction wound portion wound with a first part of
